

HOST- AUDITION SIDES

Hello and welcome to the Maternity Unit at Vassar Brothers Medical Center.

A highly specialized environment that offers the care and compassion of a birthing center that is designed around the needs of you and your family as you bring your baby into the world.

The Vassar Brothers Maternity Unit is housed in the same building as our Level II Neonatal Intensive Care Unit, which is dedicated to the care of high risk, premature and ill newborns.

Here, our Maternal Fetal Medicine department provides specialized, compassionate care for families with a high-risk pregnancy.

For all pregnancies our role is to help usher your newborn into the world in a safe and supportive environment with family – centered care.

Let me show you around.
