

Mary, 17, a dark haired, pretty girl with a mixed punk meets preppy style is sitting a row ahead of Vera on the opposite side.

Mary looks back at Vera.

MARY

You still not talking to me? Really?

Vera ignores her.

Mary huffs and moves into her seat where she can't see Vera.

The Bus stops.

MARK, 18, tall, incredibly handsome with a mane of black hair and a cool black jacket, his backpack slung over a shoulder climbs onto the bus.

JUSTIN, 16, hygienically handicapped , sits a few rows in and smiles as Mark walks toward him.

JUSTIN

Poor Marky riding the bus, did Daddy take your car keys again?

MARK

Got something in your hair there, Justin.

Mark messes up Justin's hair, pressing down hard as Justin can't help but let him.

Mark pulls his hand up, holding his middle finger from Justin's hair and flicks Justin's forehead.

A STUDENT, 16, waits behind Mark to find their own seat.

Mark laughs and keeps moving toward the back of the bus.

Mark passes Vera and looks at her, his eyes widening.

MARK (CONT'D)

Hey.

Vera doesn't acknowledge Mark.

MARK (CONT'D)

Vera, you okay?

Mark waits a moment, but Vera doesn't respond.

The STUDENT finds a seat and takes it.

Felicity is watching Mark, gritting her teeth.

Mark sits down in the back with Felicity as the Bus takes off again.

Felicity  
Why are you talking to her? Right in front of me.

MARK (CONT'D)  
Insecure much? Jesus, Felicity.

Felicity smacks his arm, Elaine and looking on wide eyed.

MARK (CONT'D) ← END  
Just chill, would you?
